Ask the activities detail occurred last month and record in "table1"

Code: Frequency

9	"more than once a day" means doing this activity everyday and more than once a day.	Ask more details (frequency of the activity)
7	"once a day" means doing this activity everyday and once a day.	Ask more details (frequency of the activity)
5	"at least once a week" means not doing this activity everyday but doing every week.	Ask more details (frequency of the activity)
3	"at least once a month" means not doing this activity every week but doing every month.	
1	"less than once a month" means not doing this activity every month but used to do it in the past 12 months.	
0	"never" means never doing this activity in the past 12 months.

For frequency code

If the child has never done the particular activity, record "0" in "Monday-Friday" line and "Saturday-Sunday" line, then record "NA" in "Monday-Sunday" line.

If the details of the frequency of the activity on each day are separable, record data in "Monday-Friday" and "Saturday-Sunday" lines

and then record "NA" in "Monday-Sunday" line.

If the details of the frequency of the activity on each day are not separable, record "DK" in "Monday-Friday" and "Saturday-Sunday" lines

and then record data in "Monday-Sunday" line.
