For parents of child age 25-60 months

B11 Activity Timetable

1. At night, the child sleeps   since…..TD1_timeS…..น.   until…..TD1_timeE…..น. | TD1_hr | hour | TD1_mi | minute

2. The child goes to school/child development center   since…..TD2_timeS…..น.   until…..TD2_timeE…..น. | TD2_hr | hour | TD2_mi | minute

***If the child has not attended school yet, record "NA"

3. The child takes a nap (weekdays)   since…..TD3_timeS…..น.   until…..TD3_timeE…..น. | TD3_hr | hour | TD3_mi | minute

***If the child takes a nap at school, record "NA" if not record "0"

4. The child takes a nap (holidays)   since…..TD3B_timeS…..น.   until…..TD3B_timeE…..น. | TD3b_hr | hour | TD3b_mi | minute

Ask details of each activity in the past month and record in table 1

Frequency Code

9	"more than once a day" means doing this activity everyday and more than once a day.	Ask more details (frequency of the activity)
7	"once a day" means doing this activity everyday and once a day.	Ask more details (frequency of the activity)
5	"at least once a week" means not doing this activity everyday but doing every week.	Ask more details (frequency of the activity)
3	"at least once a month" means not doing this activity every week but doing every month.	
1	"less than once a month" means not doing this activity every month but used to do it in the past 12 months.	
0	"never" means never doing this activity in the past 12 months.	

Relationship with the child   in case of playing alone, record "NA"

| 1- Father | 3-Mother | 5-Grandparents 7-Uncle/Aunt | 9-Brother/Sister/cousin | 11-Outsider (not 1,3,5,7,9) | 13-other household member (not 1,3,5,7,9) |

For frequency code

If the child has never done the particular activity, record "0" in "Monday-Friday" line and "Saturday-Sunday" line, then record "NA" in "Monday-Sunday" line.

If the details of the frequency of the activity on each day are separable, record data in "Monday-Friday" and "Saturday-Sunday" lines

and then record "NA" in "Monday-Sunday" line.

If the details of the frequency of the activity on each day are not separable, record "DK" in "Monday-Friday" and "Saturday-Sunday" lines

and then record data in "Monday-Sunday" line.
