Frequency Code

9	"more than once a day" means doing this activity everyday and more than once a day.	ask detail (activity frequency)
7	"once a day" means doing this activity everyday and once a day.	ask detail (activity frequency)
5	"at least once a week" means not doing this activity everyday but doing every week.	ask detail (activity frequency)
3	"at least once a month" means not doing this activity every week but doing every month.	
1	"less than once a month" means not doing this activity every month but used to do it in the past 12 months.	
0	"never" means never doing this activity in the past 12 months.	

Relationship with child Code                      in case of playing alone, record "NA"

1- Father	3-Mother	5-Grandparents	7-Uncle/Aunt	9-Brother/Sister/cousin	11-Outsider (not 1,3,5,7,9)	13-other household member (not 1,3,5,7,9)
-----------	----------	----------------	--------------	-------------------------	-----------------------------	---

For frequency code

If the child has never done the particular activity, record "0" in "Monday-Friday" line and "Saturday-Sunday" line, then record "NA" in "Monday-Sunday" line.

If the details of the frequency of the activity on each day are separable, record data in "Monday-Friday" and "Saturday-Sunday" lines and then record "NA" in "Monday-Sunday" line.

If the details of the frequency of the activity on each day are not separable, record "DK" in "Monday-Friday" and "Saturday-Sunday" lines and then record data in "Monday-Sunday" line.
